SPAWAR Systems Center Charleston Awards Contract

NORFOLK — W. R. Systems, Ltd.,* of Fairfax, Va., is being awarded a \$23,796,608 Indefinite Delivery, Indefinite Quantity Cost-Plus-Fixed-Fee type contract for navigation systems support services to SPAWAR Systems Center Charleston's Intelligence, Surveillance, Reconnaissance, and Navigation Division here. Services include: in-service engineering, design development, test and evaluation, configuration management, integrated logistics support, technical documentation and data management, acquisition and prototype development. Services will also include reliability, maintainability, and availability, failure analysis, training, technical support, land-based test facilities, installations, field services, shipboard navigation systems certifications, and depot repair. The work will also provide cannibalization of equipment such as AN/WSN-1, 2, 3, 5, 6, 7, 7A, and 7B navigation systems, IP-1746/7 control display units, sonar velocity logs, peripheral navigation aids, and related test equipment.

This contract includes four one-year options, which, if exercised, would bring the cumulative value to \$149,191,443. Work will be performed in Norfolk, Va., aboard U.S. Navy ships, submarines, small craft and shore facilities and is expected to be completed by June 2003. If all options are exercised, the period of performance will continue through June 2007. Contract funds in the amount of \$100,000 will expire at the end of the current fiscal year. The contract was competitively procured as a 100% **Small Business Set-Aside**, with the Request for Proposal posted on the SPAWAR Systems Center E-Commerce website and two offers were received. The Space and Naval Warfare Systems Center Charleston is the contracting activity (N65236-02-D-3823).

*** W. R. Systems, Ltd., of Fairfax, Va. is a small business ***
